

Ultramel Wet Areas

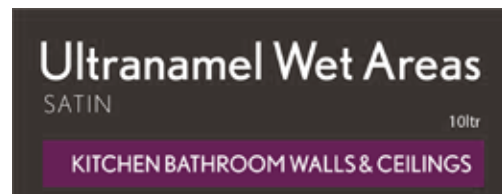

Kitchen bathroom walls & ceilings

SHIELDCOAT

High Performance Paint and Coating Systems

Product Description

Ultramel Wet Areas is a premium satin finish enamel designed specifically for wet areas. Ideal for use in bathrooms, kitchens, and laundry rooms, it offers excellent moisture resistance, boosted anti fungal properties and durability. Available in white, this coating provides a smooth, elegant finish while protecting surfaces from the harsh conditions of high humidity and water exposure.

Directions for use

Apply as a second or third coat for a durable, satin finish. For spray application use a tip size of FFLP 413 on doors and FFLP 308 on skirting alternatively, use a roller for larger areas. Ensure the area is clean and dry before applying. Perfect for wet areas requiring both aesthetics and moisture protection.
