

Ultraseal WB

Easy sand sealer & undercoat for interior use

SHIELDCOAT

High Performance Paint and Coating Systems

Product Description

Ultraseal WB is a water-based interior sealer and undercoat designed to provide a smooth, uniform surface for topcoats. It seals porous surfaces, improves adhesion, and enhances the durability of finishes. Ideal for use on drywall, plaster, and wood, Ultraseal WB offers quick drying time, low odour and easy sand formula, making it perfect for residential and commercial interiors.

Sand with 180-22g with no fill sandpaper

Directions for use

Apply as the first coat on prepared surfaces to promote adhesion and a smooth finish. Use a tip size of 517 for spray application or a suitable roller for larger areas. Allow to dry before applying the topcoat. Ideal for walls, ceilings, and trim in interior spaces.
