

Rustshield Zinc Primer WB

Anti corrosive zinc primer for colorsteel roofs

SHIELDCOAT

High Performance Paint and Coating Systems

Product Description

Rustshield Zinc Primer WB is a premium acrylic primer formulated to provide anti-corrosive protection for Colorsteel roofs. Specifically designed for zinc-coated surfaces, it prevents rust and enhances the adhesion of topcoats. This water-based primer ensures long-lasting protection against weathering and corrosion, making it ideal for maintaining the integrity and appearance of zinc-coated roofing materials.

Directions for use

Apply as the first coat on clean, dry, and prepared Colorsteel or zinc-coated roofs. Use a tip size of 521 for spray application or a suitable roller for larger areas. Ensure the surface is free of contaminants before applying. Ideal for protecting and preparing zinc-coated roofs for further coatings.
