WHY CHOOSE SHIELDCOAT

PROUDLY NZ MADE

Shieldcoat is proudly made, owned and operated right here in New Zealand. Working exclusively with local suppliers who share our commitment to quality. Our formulas aren't just made in NZ, they're made for NZ. They've been designed for our famously unpredictable weather, because your roof needs to handle whatever gets thrown at it.

MADE TO LAST

When applied to specification, the Shieldcoat Roof-bond system comes with up to a 15-year product warranty, and a 4-year Colourfast guarantee that sets us apart from every other major roof paint manufacturer on the market. We don't just promise durability. **We guarantee it.**

PREMIUM COATINGS

We're serious about making great paint and looking after our customers. Our chemists are constantly refining formulations to suit New Zealand conditions. What works overseas doesn't always work here. We've also built a network of skilled, approved applicators who really know their stuff. When you choose Shieldcoat, you're working with people who really understand roofs.

PROVEN PERFORMANCE

Shieldcoat has been protecting New Zealand roofs for over 30 years. Our track record speaks for itself, thousands of roofs still performing beautifully years after application, trusted by professionals across the country.
